CATALOG of PERENNIALS, HERBS and GERANIUMS

To our Friends:

We have had a very wonderful year and it has been a pleasure to meet so many of you personally.

At the request of many customers, we are changing the catalog to include our many established perennials for ground covers, rock gardens and garden plants, in addition to our very fine collection of herbs and geraniums. It is impossible to list our complete nursery, and inquiries are invited about the more unusual and rare perennials, of which we may have only a few.

Horticultural groups are welcome at all times. We suggest you let us know in advance the date of your visit. It is also suggested that you plan a visit of at least two hours to see the ornamental flowering crabapple trees, the primroses, trilliums and many other beautiful plants in the wild garden; the rhododendrons, azaleas and lilacs; the formal herb garden; the nursery of over 500 varieties of perennials and annuals; and the greenhouses.

Williamsburg is situated eight miles from Northampton on the Berkshire Trail on Route 9. Turn right off Route 9 at the light and sign, cross the cement bridge, turn immediately left and proceed to the top of Village Hill. There are two signs in Williamsburg for your help in finding us.

Out of town visitors to the Nursery will find excellent accommodations at the Phillips House Inn, Northampton; or the Whale Inn, Goshen.

Plants sent out are not usually mature specimens. We can often furnish a variety of sizes at proportional prices. Prices are subject to change without notice.

Height and hardiness will vary somewhat in different regions and soils, and therefore are not given. Most plants listed are perennial, as it is quite difficult to ship annuals at the proper time for planting. These can be picked up at the nursery in the spring.

If you wish your order sent, we ship by parcel post, special handling. We do not pay postage and there is a small charge for packing. Add \$1 for mailing three to six plants; over six plants \$1.50. Any credit due will be promptly rebated.

We do a strictly retail cash business and bills are due when presented.

We do not maintain a gift shop, but sell a few items which have proven of great interest, such as an excellent book on herbs, herb charts and bee skeps. We are planning to have available very soon our own small card file on herbs.

January, 1959

Richard and Edith Williams

HERBS

Achillea ageratifolia Aizoon -		Asperula odorata - Sweet Woodruff	.60
Yarrow	.60	Atriplex hortensis atrosanguinea -	
" Millefolium roseum-		Orach	.60
Rose Yarrow	.60	Baptisia australis - False Indigo	.60
Aconitum autumnale - Monkshood	.75	" tinctoria	.60

Of interest to those of our patrons who find it possible to visit the Nursery are the rock walls and terrace with many delightful rock garden perennials. A viewing of the plants in their natural setting is often of help in making your own selection. On page 11, Dick Williams, co-proprietor of Village Hill Nursery, is shown surveying a section of the rock wall.
